

# jockey consoles/ seats

Outhill Jockey Consoles and seating provide the best solution for the more demanding driver who enjoys the high speed ride. The tough G.R.P. base units have been shaped to maximise driver/ passenger comfort incorporating high quality upholstered seating into every model.

JC6SA and JC6TA Provide a compact 1 or 2 person console/ seating solution which is ideal for application in smaller RIBs. The models incorporate a hinged seat for ease of fitting/ maintenance of instruments and access to storage space beneath which can be used for fuel tank installation.

JC6TA

JC12T

JC12T combines an eye catching colour co-ordinated cowl design with maximum functionality and is ideal for application in medium sized RIBs. This deluxe 2 person jockey console incorporates a tapered base for maximum comfort with a stylish stepped height seat cushion. The model provides ample under seat storage and will accept up to a 22 litre plastic fuel tank through rear.
