

# lean posts

LP2/MK2 a restyled version of our popular model LP2 which was introduced last year. LP2/ MK2 is made from a single GRP moulding which provides a large, enclosed storage space beneath the seat and additional storage in the top section.

LP2/ MK2 can be used in position 1 as a lean post or position 2 as a seat. When space is a factor, LP2/ MK2 provides a lean post and seat in one stylish moulding.

LP2/ MK2

Position 1

Position 2

LP3 is a simplified version of LP2/MK2 and provides all the same features, but excludes the fold up seats. LP3 provides ultimate functionality whilst still maintaining comfort and style.

LP4

LP4/C LP4 fitted with Origo 2000 single burner spirit stove

LP4 helm station leaning post is ideal for use in a RIB or cruiser. This stylish model incorporates a GRP moulded sink and stove mounting area concealed beneath the hinged top moulding. LP4 can be fitted with an Origo 2000 single burner spirit stove or similar appliance. A deck wash could also easily be fitted. The top moulding includes sculptured padded upholstery to ensure maximum comfort whilst the base moulding provides a generous storage compartment below.

UB1 a stylish galley unit which incorporates a GRP moulded sink and cool box. UB1 can also be fitted with an Origo 2000 single burner spirit stove or similar appliance. A deck wash could also easily be fitted. This practical unit also provides a generous storage space which is easily accessed via a large front hatch.

Model	Max depth	Max Width	Max height	Seat height
